## Career Objective:

To carry out electrical servicing and maintenance work. Good team management skills and knowledge in electrical technical field.

## Educational Qualification.

- 3 year Diploma in Electrical Engineering, B&B Institute of Technology, Gujarat, India. 2008
- Electrical Service Technician Certification, Technical Examination board, Gujarat, India, 2004

## JOB EXPERIENCE:

- 1) **Electrical service engineer** – PACE POWER LTD. Bangalore, India – 4 months.

### Job Responsibility

- commissioning new AC/DC panel
- troubleshooting of panel and problem solving.
- testing of printed circuit board and electronics component
- soldering electronics component

## Languages Known:

English language spoken and written – Good

## Computer Skill

- Microsoft Word, Excel,
- Good Internet proficiency,

## Achievements:

- 1) I have topped in Electrical Service Technician in Swaminarayan Technical School, Dakor. Gujarat India. (2004)
- 2) I have topped in project of the year, Gujarat. India(2007).(500w, AC-DC inverter)

## **Industry Visit Experience:**

### **1. Voltamp Transformer, Vadodara, Gujarat, India (2007)**

This particular industrial visit has given me good knowledge of high voltage dry transformer manufacturing and functional aspects of the same. I have also learned about transformers winding designing.

### **2. ERDA, Vadodara , Gujarat, India (2007)**

ERDA is well known for ISO certifying electrical equipments. ERDA visit has given me good overview of electrical equipment testing and specification for ISO certification.

### **3. Sardar Sarovar Dam. Bhruch,Gujarat, India (2007)**

Sardar Sarovar hydro power station visit has given me good knowledge of hydropower electricity generation and how to step up electricity using transformers and to transform it to higher level for long distance supply. I also had the opportunity to learn managing maintaining electricity generation during load switching.

## **Declaration:**

I hereby declare that the above mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above mentioned particulars.

Thanking you,

Dhaval Bhatt.
