Student Coordinators: Akshay, Darshit, Jinisha, Shraddha & Kashyap

Department of Computer Engineering in association with CSI-SB-GCET organized a workshop on **BASICS OF WEB DEVELOPMENT**. The workshop was conducted by Mr. Jigar Mangukiya, Final year Student, GCET on 12th August 2015. This was specially organized for Computer Engineering and Information Technology students. Main objective of the Seminar was to motivate students to learn about basic web technology like HTML and CSS which is widely used in website design, which can help them to create some innovative websites with some good effects and design. It consisted of an exhaustive theory and practical sessions from 2pm-6pm.

Total 37 students participated in workshop. Students learnt the basics of web designing from the theory and practical sessions.
