

POSTER PRESENTATION

9th & 10th October, 2014

A poster presentation competition organized by the students of 3rd year computer engineering under the guidance of the Head of Department, Prof Maulika S Patel. This activity was a part of the subject titled “Seminar - 150705”. The theme of the poster competition was “**EMERGING TECHNOLOGIES**”.

All the students had to make A2 size poster either printed or handmade.

FIRST ROUND:

In the first round the students had to present their posters and were judged on the basis of presentation skills & content of poster.

Judging was done by the faculty members of the Computer Engineering Department.

Out of 80 posters, best 35 were selected.

SECOND ROUND:

In the second round the selected posters were kept open for display in the college Foyer. Students and faculty members of various departments viewed the poster gallery and appreciated the students' efforts.

The judges judged the posters based on innovation, originality, clarity and expressions of the student in conveying the meaning of the poster. Best three posters were selected by the judging panel which comprised of Prof Prem Balani and Prof Priyang Bhatt.

The 1st prize was won by Kartik Pandya, 2nd by Niki Trivedi & 3rd prize by Darshak Chhatbar.

Prof Maulika S Patel congratulated the winners and the organizers for a fabulous poster session and competition.
