CSI Student Branch, GCET  
Region 3  
Advisor : Dr Maulika S. Patel

**SEMINAR**  
**ON**  
**TIPS AND TRICKS FOR COMPETITIVE CODING**

**8th August, 2016, 3.30 p.m - 5.30 p.m**

Seminar Hall, GCET

Conducted by

**Taher K.D.**  
**Dehit Garaga**  
**Rohan Gurve**  
**(Computer branch, 3<sup>rd</sup> year)**

GCET CSI Student Branch organized a seminar on “TIPS AND TRICKS FOR COMPETITIVE CODING” on the 8th of August. The speakers at the two hour seminar were Taher K.D., Dehit Garaga, and Rohan Gurve of Computer branch, 3<sup>rd</sup> year. The session started at 3:30 p.m. and ended at 5:30 p.m. The topics covered in this seminar were **Introduction to competitive programming, algorithms and its analysis, and useful hacks in C++**. The students were also given tips for **program optimisation, solutions for common errors and useful codes for common programming problems**. A session was dedicated to explain **Standard Template Library (STL) in C++** and its applications. The session was very interesting and informative. Students, all from Computer and IT branches, showed great enthusiasm during the seminar and were responsive to all the questions. Based on a collective feedback, the seminar was found fruitful by many and had fulfilled their expectations. This event attracted a total of **150** participations. The event was a knowledge imparting experience for all.
