

## **Report of Expert Talk on Recent Trends in Power System Protection**

**Name of Event:** Expert talk delivered by former Associate Professor B. A. Oza, BVM

**Date and Time:** 24<sup>th</sup> July, 2018 at 10:30 a.m. – 12:30 p.m. for Final Year Electrical Students (58 Students attended this Expert Talk)

**Faculty Coordinator:** Dr. Vijay Makwana

**Number of Participants:**

---

Department of Electrical Engineering of G H Patel college of Engineering & Technology, Vallabh Vidyanagar (A Charutar Vidhya Mandal Institution) has organized an Expert Talk on “Recent Trends in Power System Protection”, which was delivered by former Associate Professor B. A. Oza, BVM.

**List of the topics covered in this session:**

- Recent trends in overcurrent and earth fault protection
- Limitations of overcurrent and earth fault protection
- Importance of distance protection
- Types of distance protection relays
- Digital protection of power system network in the actual field practices

In this event, 58 students of final year Electrical Engineering participated. The Speaker in turn also solves the queried which was asked by students.
