“BUILD GREEN – THE NEXT DECADE”

Department of Civil Engineering of G H Patel college of Engineering & Technology, Vallabh Vidyanagar (A Charutar Vidhya Mandal Institution) has organized various events as a part of IGBC week celebration on “Build Green – The Next Decade” from September 9th to 23rd, 2016. It was organized in association with Indian Society of Technical Education.

IGBC week celebration started with the “Group Discussion” on September 9th, 2016. About 40 students from 2nd year and 3rd year of Civil Engineering department participated with great enthusiasm. It was carried out between 4 Groups. In which two groups have to discuss the topic ***“Concept Smart City vs. Rural Development... What India needs first”*** and the remaining two have ***“What must student pursue? Academics or Passion”*** as their topic of discussion. Dr. Khadeeja Priyan (Head of Civil department & Convener of the IGBC celebration week) and Prof. Snehal Popli (Associate professor & Faculty co coordinator of IGBC celebration week) were the judges of this event. The aim of this event was to make students aware about Group Discussion and to release the stage fear and make them more confident. It was quite interesting for the audience as well as judges. Brijesh wala (3rd year Civil Engg.), Shehjad Pathan (3rd year Civil Engg.) and Waseem Raja (2nd year Civil Engg.) were the winners of this event. Overall the discussion was positive and each of them contributed good information.
