“BUILD GREEN – THE NEXT DECADE”

Department of Civil Engineering of G H Patel college of Engineering & Technology, Vallabh Vidyanagar (A Charutar Vidhya Mandal Institution) has organized various events as a part of IGBC week celebration on “Build Green – The Next Decade” from September 9th to 23rd, 2016. It was organized in association with Indian Society of Technical Education

The department of civil engineering has organized one day symposium on “Build Green – The Next Decade” on September 17th, 2016 as a part of IGBC Week Celebration.

The first session was conducted by chief guest of the function, Mrs. Neetu Jain, Co-Chairperson IGBC Chapter, Vadodara. She started her session by a brief introduction about the green building and its importance. She also mentioned about the green rating system i.e. on which basis building gets gold, silver and platinum rating and she also covered the elements of green building.

The second session was conducted by Guest of honour, Mr. Toshniwal Suhas Suresh, currently working at DBHMS consultant as energy analyst, focussing on “Green Building principles and concepts”. It was a good interactive session. After lunch break, the last session was conducted by Mr. Ketan Patel from Linde Engineering India Pvt. Limited, Vadodara. He started his session by explaining basic concepts about green building. He also mentioned about the implements done in Linde house, Channi, Vadodara.
