

Industrial Visit Report

Name of Industry: Kartik Engineers Pvt Ltd (Patel Brothers), Ahmedabad

Date of Visit: 31/01/2018

Faculty Coordinators: Prof. Jignesh S. Patel & Prof. Rakesh M. Patel

Class: B.E. 3rd Year

Number of Visitors: 68 students + 2 Faculty Members

Department of Electrical Engineering has organized an industrial visit at Patel Brothers, Ahmedabad for 3rd year students. 68 students along with 2 faculty members visited the Place on above Mention Date.

Following are the various segment of the visit.

- How the supply came to the various companies?
- Why control panel is required?
- How it is manufacture?

The main objective of this visit was to make our students familiar with the design and manufacturing of control panel.

Sir along with his members of production received us at the entrance and showed their premises by giving a brief introduction about the company.

Before starting the visit the sir gave information about, how the supply came to various companies? And where did the control panel fits in the various companies? It was very informative session.

Students had a great interactive session with sir during the visit. The visit came to end by a small and interactive session conducted by sir for the future development of the students.

G.H.PATEL COLLEGE OF ENGINEERING & TECHNOLOGY
DEPARTMENT OF ELECTRICAL ENGINEERING

It was an informative, interesting and a successful visit. Students learned about the control panels, why it is required? How it is used? How it supply electrical power to all the equipments? The complete hierarchy of the manufacturing of the control panel etc.

We express our thanks to the faculty members who accompanied us and the officials who explained us about the process in detail at different sections.
