Time & Venue: A321 – 11:10 AM to 11:30 AM

No. of Students Participated: 43

An awareness session was organized for third year students of Information Technology department on 22nd August, 2019. The motive of this session was to make students aware about the IEDC committee that we are having in the college and working goals of this cell.

Students were made aware about what is entrepreneurship and start up. They were given information about various types of events being organized under this committee throughout the year.

The committee is planning to conduct special skill share workshops and events dedicatedly for the students who desire to have their own startup in future. For the same, a form has been generated using which students can register for this if interested.

As a departmental IEDC coordinator of IT department, Prof. Mittal Darji conducted this session with count of 43 students. Overall the session was informative for students.
