

**G H Patel College of Engineering & Technology, V. V Nagar**

**Department of Civil Engineering**

**Report on**

**Expert Talk by Ultratech Cements**

An expert talk was organized on “Role of Civil Engineers” for third and final year students of the Civil Engineering Department on 14<sup>th</sup> September, 2019 as part of Engineer’s Day & IGBC student chapter.

**AIM:**

The main aim of the lecture was to make student aware about the importance of basic knowledge of Civil Engineering required in the field.

**About the Program:**

As a part of Engineer’s Day, on 14<sup>th</sup> September, 2019, Civil Engineering Department had organized an expert lecture. The speaker of the lecture was Mr. Vineet Shah, who has more than 10 years of experience in Cement industries. Currently he is working in Ultratech Cements.

The lecture was start with a video clip about the life style and life skill of Er. M.Visvesvaraya. This video was very motivational and informative for the students.

In this lecture sir has discussed about the interview skills required for the final year students. Also he explained about various modern technology used now a days on a field. He discussed about different types of cement and grades of cement that are used in the Mega Projects. Sir has also shown that with the help of technology globe is developing fast.

Also speaker has enlightened the students about growth of civil engineers and future scope of the engineers in this field. Overall the lecture was motivational for the future engineers. Also it was helpful for the students to develop their interview skill.

At the end we all are very thankful to Mr. Vineet Shah for motivating our students and also very grateful to Ultratech Cements for supporting us in various activities like tree plantation, work shop, placement, industrial visits etc.
