Sr. No.	ADOPTED VILLAGES	TALUKA(Block)	DISTRICT
1	SANDESAR	ANAND	ANAND
2	LAMBHVEL		
3	VALASAN		
4	GANA		
5	JOL		

List of Activities:

ACTIVITY 1:

Title of the Activity: Organized workshop "Art and Craft work"

Need of the Activity: To share knowledge to children and village people helps a child in exploring, discovering, creating and experimenting. This all together helps the child in growing as an individual.

Brief Description (Need/Impact/Action/Picture (if any)): we are visited adopted villages cluster school. The best way to teach villagers anything new is by teaching school kids. For this, Faculty namely **Dr Ajay Patel** Mechatronics Engineering Department respectively went to their dedicated village.

They visited Primary School and explained importance of Art and Craft work. Also explain how to make model. Art influences society by changing opinions, instilling values and translating experiences across space and time. Art in this sense is communication; it allows people from different cultures and different times to communicate with each other via model, image, sounds and stories. Through arts and craft, children learn to value and appreciate artifacts and images across cultures and times. Experience in design, art, and crafts enable them to reflect critically on their own work and those by others.

Art and Craft work done by students
