“Soft Skill Training” by Mr. Hiren Bhatt

An expert talk was organized on “Soft Skill Training” by Mr. Hiren Bhatt for All four-year civil engineering students on 02nd and 3rd September, 2020

AIM:

The main aim of the expert talk is to aware the students about importance of soft skill in the professional as well as personal life.

About the Talk:

Mr. Hiren Bhatt, a Professional Soft Skill Trainer has conducted a session about importance of soft skill in the professional as well as personal life.

He started the session by introduction of each participant and importance of taking initiative while interacting with someone. He further started explaining different hierarchy in personality development and shared his experience in developing these hierarchies. He explained soft skill by the means of Passion possession, Practice of the same selected passion and persistence of the goal. At the end of first session for the practice of the students he has given home task of mailing a content to the college administration.

He started his second session by understanding of content writing by the students. He shared his views on how to write and what to include in the letter of this type.

Overall, the lecture was brain storming session for all participants. From this lecture, students got the information about importance of soft skill in the professional as well as personal life.
