

Event Report

Title of Event: Manufacturing Process of Power Transformer

Resource Person: Er. Ketan Gohil & Er. Sagar Patel (Atlanta Transformers Ltd.)

Day & Date: Thursday, 3rd September, 2020

Time: 2:00 PM to 4.00 PM

Class: 4th Year EE

Event Description:

The session is organized to give deep insight to Power Transformer (above 100 KVA to 1000KVA) in continuation of basics covered in the subject of Electrical Machines & Power System. Engr. Ketan Gohil & Engr. Sagar Patel had discussed about all the steps chronologically of the Power transformer manufacturing. He has also shown various processes from tank making to testing of transfer and final loading to truck for dispatch. Each step of manufacturing is full of technical skills which student has released and lots of doubts have been solved by Q & A session.

Event Coordinator: Dr. Jatin J. Patel
