

Dated: 10th December, 2021

Visit to Old-age Home and Blind Association

With a view to motivate our students in the social understanding domain, WDC, GCET had organized a visit to Jalaram Vishramghru (Old-age home, Karamsad) and Andh Apangjan Shala, Mogri for all girl students and female faculties of GCET.

The visit was scheduled on 2nd December, 2021 and also on 9th December, 2021. All girl students were divided into two groups. The first group of 50 students comprised of five departments (EC, CP, EE, CSD and MC). They visited the aforementioned places on 2nd December, 2021 (from 9:00 am to 12:30 pm). The other group of 50 students from the remaining four departments (CH, IT, IoT and CIVIL) visited the same places on 9th December, 2021 (from: 1:15 pm to 4:45 pm). Both the groups were accompanied by WDC Coordinator Dr. Krupal Parikh and five other faculty members on both the days.

On both the occasions, we first visited Andh Apangjan Shala, Mogri. There, everyone spent some time with the children, sang songs and motivated them by cheering on their performance. Their counselor Ms. Pragna explained their day to day activities. The students shared some snacks, chocolates and dry fruits to the kids on both days. Later, we preceded to the old age home, Karamsad. We all recited prayers with the senior occupants of the Old Age Home. Then the students shared fresh fruits and dry fruits with all elderly people. The eatables were purchased by the amount donated by all GCET staff members. They spent quality time with these people discussing their daily routines and activities. Students have realized the feeling of real satisfaction by helping such people. On both occasions, the visit ended with mixed feelings of emotions; not only for the students but also for the faculties.

We all felt
Sorrow at their plight!!!
& on sharing with them
We had delight..
