

## INDUSTRIAL VISIT REPORT

<b>Name of the Industry:</b>	Adani Mundra Port, Kachchh, Gujarat
<b>Date:</b>	28 <sup>th</sup> & 29 <sup>th</sup> JUNE, 2023
<b>No. of Students Participated:</b>	92
<b>Semester:</b>	7 <sup>th</sup> Sem. And 5 <sup>th</sup> Sem. B tech. Computer Engineering & Computer Science and Design
<b>Faculty Members:</b>	04 Prof. Harsh Kantawala Prof. Hetal Gaudani Prof. Krushna Pandit Prof. Divya Dubal

Department of Computer Engineering, GCET, organized a two-day industrial visit to Adani Mundra Port, located in Kachchh, on the 28<sup>th</sup> & 29<sup>th</sup> June of 2023. The aim of this visit was to provide students with practical insights into the large-scale operations of an industry. It was arranged for the students of B. Tech. 7<sup>th</sup> Sem. & 5<sup>th</sup> Sem., CP and CSD department. Total of 92 students with 4 faculty members actively participated in this educational trip.

### DAY- 1 (28<sup>TH</sup> JUNE, 2023)

The visit to Adani Mundra port started on 28<sup>th</sup> June, 2023 at 01:30 am from the GCET college campus in two well-maintained college buses. These two buses reached at Ahmedabad around 04:00 am, from there two buses of Adani took over. As per the scheduled time, both buses reached Adani guest house ‘Shanti Vihar’ where accommodation and lunch were provided.

The visit began with ‘Adani Port Operation Centre’ where we were introduced to the vast port infrastructure, witnessing the efficient management of cargo handling, logistics, and customs operations. The visit showcased the port’s commitment to environmental sustainability through waste management and pollution control measures. Subsequently, we visited Adani Wilmar Ltd., where we learned about their sustainable sourcing practices and witnessed the production processes of edible oils.

Here, the students gained insight into the demand, supply, product management, and large-scale management concepts.

As a complimentary gift, each student received a packet of Fortune Besan from Adani Wilmar with best wishes. Later on, everyone visited the 'Shanti Nath' temple situated within the premises of guest house followed by dinner and further engaged in the cultural program activities. All the students were provided with Adani- project Udaan caps as a souvenir. The day ended on a fun and engaging note.

### DAY- 2 (29<sup>TH</sup> JUNE, 2023)

The second day commenced with the aesthetic pleasure of morning yoga and meditation, followed by a healthy breakfast. It then transformed into a unique experience as the students used virtual reality (VR) headsets to have a virtual tour of Adani Mundra Port in 16 batches. This immersive experience allowed us to explore different areas of the port and understand its operations in a highly engaging manner. We witnessed the utilization of technology in optimizing processes and enhancing safety measures.

Next, we visited the Adani Power Plant, where we were explained about the process and design of electricity generation. We learned about their commitment to clean energy and witnessed the functioning of their power plant with models in the model room. The emphasis on renewable energy generation and environmental conservation left a significant impact.

The visit ended with a heartfelt lunch, and everyone left with enhanced knowledge of real-world industrial practices and better understanding of the business landscape.
