

INDUSTRIAL VISIT REPORT

Name of the Industry:	Science City, Ahmedabad, Gujarat
Date:	26 th December, 2023
No. of Students Participated:	55
Semester:	3 rd Sem. B. tech Computer Engineering & Computer Science and Design
Faculty Members:	03 Prof. Harsh Kantawala Prof. Tejas Patel Prof. Nita Jadav

Department of Computer Engineering, GCET, organized a one-day industrial visit to Science City, located in Kachchh, on the 26th December of 2023. The aim of this visit was to provide students with practical insights into the scientific fundamentals. The main attractions were aquatic gallery and robotic gallery. It was arranged for the students of B. Tech. 3rd Sem., CP and CSD department. Total of 55 students with 3 faculty members actively participated in this educational trip.

The visit to science city started on 26th December, 2023 at 8:00 am from the GCET college campus in one well-maintained college bus. This bus reached at Ahmedabad around 10:00 am. After having breakfast at high-way hotel, the bus entered into science city campus at 11:00 am.

The visit began with 'Science City Hall' where we were introduced to the scientific fundamentals with their practical implementations. The hall also has different kinds of games based on scientific principles. Then we visited aquatic gallery. The aquarium here has a wide variety of tanks dedicated to aquatic species around the world, including the main tank featuring sharks and a unique walkway tunnel that offers a unique experience like never before. It's incredible to see more than 188 kinds of amphibians, penguins, and 11,600 fish under one roof.

After that we headed towards the robotic gallery. The gallery features interactive exhibits that trace the history of robotics from 16th-century clock monks to today's humanoid robots. We have one guide from science city who introduced us to different categories of robots used in medical, agricultural and industrial areas.

The exhibitions show how these machines have impacted people's lives in fields such as medical surgery, rescue operations, and putting machines against humans.

Finally, we left science city at 2:30 pm. We enjoyed delicious lunch at high-way hotel and concluded our visit at 5:00 pm reaching our college GCET.
