➔ **Event Details:**

Institute Innovation Council of G H Patel College of Engineering and Technology (GCET) in collaboration with the Department of Computer Engineering and Computer Society of India, Student Branch, GCET organized a one-day industrial visit to iCreate (International Centre for Entrepreneurship and Technology) on 8th February, 2024. This visit was organised for students of 2nd year. A total of 97 students from the Computer Engineering and Computer Science & Design Engineering with 7 faculty members had participated in this visit.

➔ **Objective:**

The objective of this industrial visit was to provide students with first-hand exposure to technology entrepreneurship and innovation. Dr. Tarun Kanade (Senior Technology Analyst), Mr. Ashish Kanaujia (Technology Consultant) and Ms. Gladis Nair (Director, L&D) were our guides for the visit.

➔ **Outcome/Benefit:**

In first session, Dr. Tarun Kanade dived deep into technology innovation and technology entrepreneurship. One of the key points during his talk was about Technology Readiness Level or TRL. He explained TR Levels 0 to 9 and how startups should become technology-ready.

The second session was a captivating talk by Mr. Ashish Kanaujia on the past, present and future of AI and the impact of AI on our careers. It was an interesting session for tech geeks as he explained topics like the Turing Machine, the Opencyc project and Project Cog. Afterwards, he also told us about the most interesting and successful startups that have come out of iCreate.

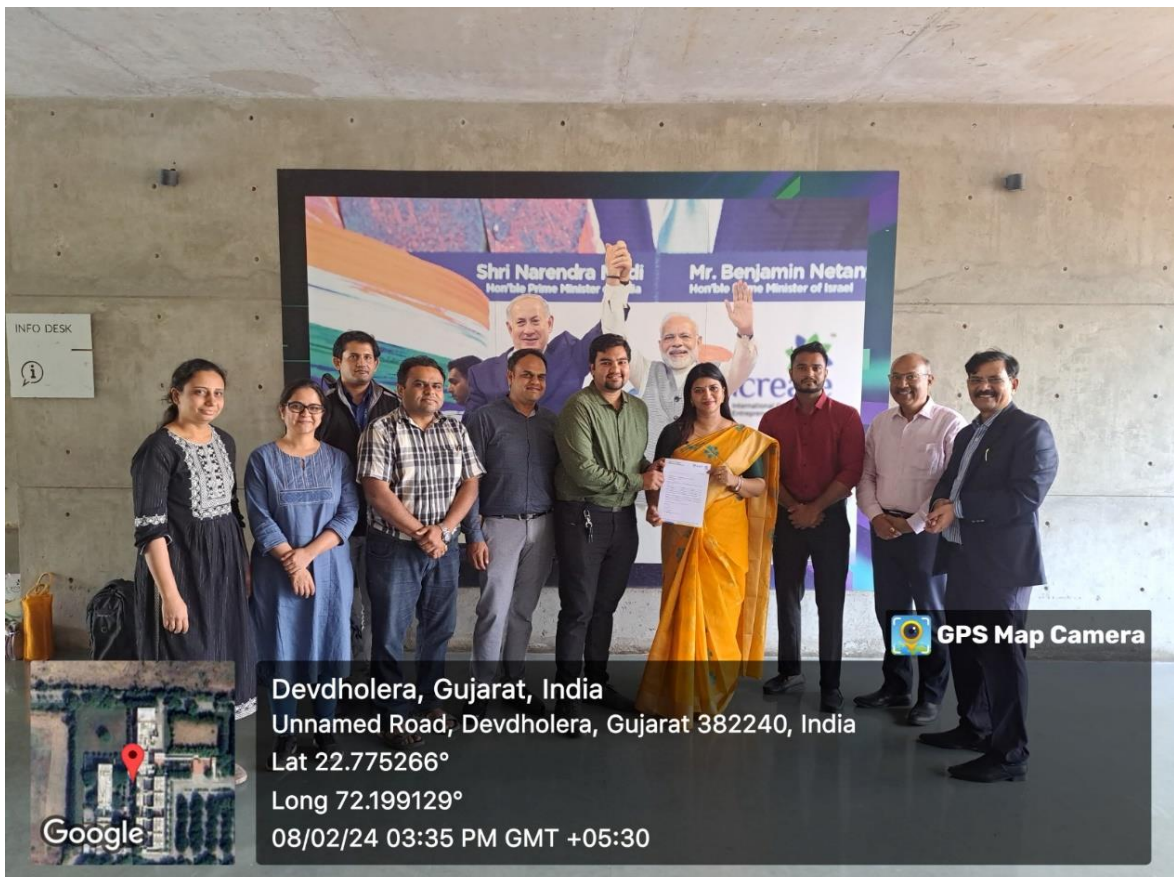

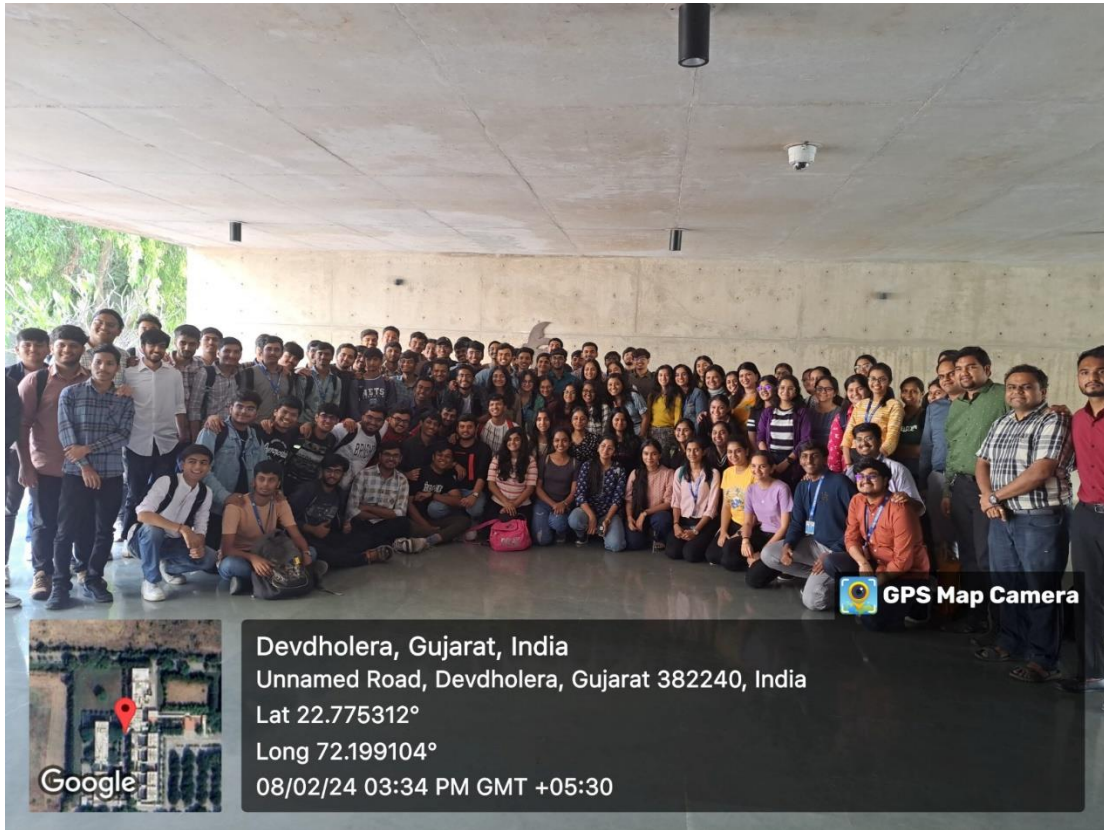

Additionally, we also had the privilege to interact with Sri Lankan delegates, including Shri Anura Kumara Disسانayake & his team from Janatha Vimukthi Peramuna.

Ms. Gladis Nair then took to the stage to explain how iCreate functions and its roots in the Gujarat Startup Ecosystem. She also invited students to apply for the different opportunities available at iCreate for budding entrepreneurs. The session concluded on an exciting note as we interacted with Mr. Avinash Punekar, the CEO of iCreate. The students were eager to ask questions and know further about the startup and tech world.

Overall, the students were able to take a closer look into the world of startups and innovation and how it works. The visit was the most beneficial to the budding entrepreneurs within the student-community of GCET.
