ABOUT ISTE

The Indian Society for Technical Education (ISTE) is the leading National Professional non -profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System. At present, ISTE has a very large and an effective membership base consisting of more than 1,02,985 Life Members, 5,54,094 Student Members, 2410 Institutional Members (including IITs, IISc, NITs and other leading technical institutions), 1214 Faculty Chapters and 1322 Students' Chapters and 17 Sections throughout the country.

The major objective of the ISTE is to provide quality training programs to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity and to assist and contribute in the production and development of top-quality professional engineers and technicians needed by the industry and other organizations. Recently GCET ISTE student chapter was given the best student chapter in Gujarat.

Workshop on Interaction Design

Interaction design is the secret sauce that makes technology feel intuitive and engaging. By focusing on how users interact with a product, designers can create smooth experiences that meet user goals and leave a positive lasting impression. This translates to increased user satisfaction, business success, and can even influence how we perceive technology as a whole.

Interaction design benefits everyone! It makes products easier and more enjoyable to use, saving users time and frustration. This happy user translates to happy businesses with increased efficiency, sales, and even positive brand perception through well-crafted emotional connections.

“**WORKSHOP ON INTERACTION DESIGN**” was aimed to increase the productivity for interactive design.

The workshop was delivered by **Hema Gami**, she is a 2D artist, illustrator and Force artists, she has 7 years of experience.

Her experience enlightened the students and swiftly progressed the session starting with a detailed introduction of Interaction design and how to build critical thinking. she was encouraging students to think about problems and for their solutions.

Students gained valuable knowledge and practical insights into the world of interaction design . The event’s success was a testament to the dedication of the ISTE Student’s Chapter at GCET in facilitating meaningful learning opportunities for its members. The chapter looks forward to organizing more such events in the future to continue supporting students’ career aspirations.

CONCLUSION

We are very grateful to **Hema Gami** for delivering this wonderful session and imparting us their knowledge. We also thank Prof. Divya Dubal & Prof. Harsh Kantawala for providing us the opportunity to organize and mediate this Workshop and also for guiding us through it.

In conclusion, we would like to emphasize that such Workshop really help us to a great extent by enhancing our knowledge and broadening our perspective introducing us to new domains enhancing professional skills.
