

## **Industrial Visit Report**

**Name of Industry:** State Load Dispatch Center, GETCO, Vadodara

**Date of Visit:** 11/09/2025

**Faculty Coordinators:** Dr. Chintan R Patel, Dr. Ritesh R Patel

**Class:** 3<sup>rd</sup> & Final Year UG, Final year Diploma

**Number of Visitors:** 36 students + 2 Faculty Members

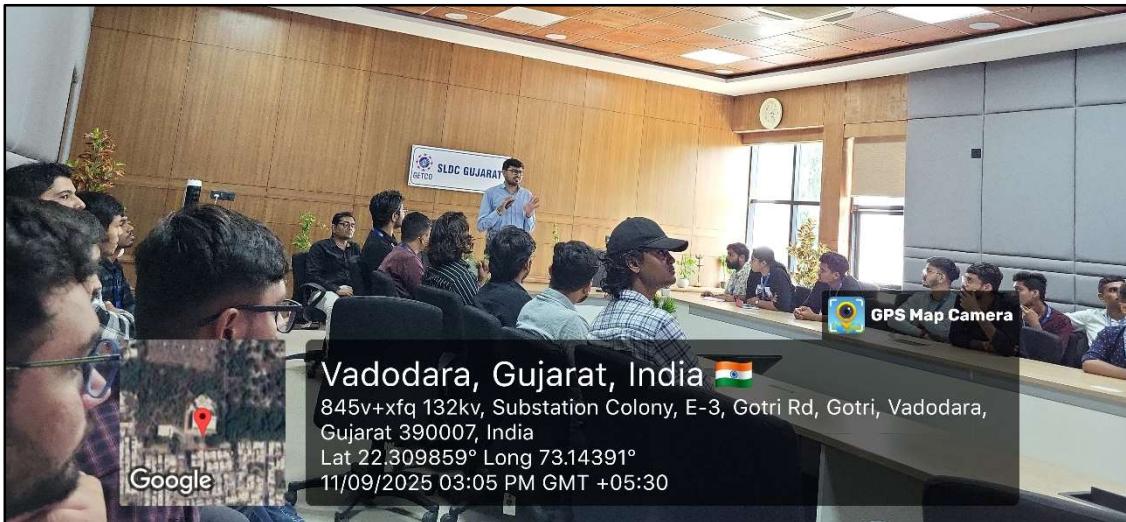

Department of Electrical Engineering has organized an industrial visit of State Load Dispatch Center, GETCO, Vadodara for 3rd & Final Year UG, Final year Diploma students. 36 students along with 2 faculty members visited the SLDC on the mentioned date.

As the "brain" of the power system, SLDC plays a crucial role in monitoring and controlling the grid. Our students gained valuable insights into:

- Importance of LDC in power system operation
- Grid hierarchy and its functioning
- Entities involved in power system operation
- Challenges in operation due to Renewable Energy penetrations

The highlight of the visit was an exclusive tour of the SLDC control room, where students witnessed firsthand the nerve center of the power grid!

We're grateful to GETCO for facilitating this informative visit. Such experiences not only enhance our students' theoretical knowledge but also prepare them for the challenges of the real world!

Date: 21/07/2025

To,  
The Chief Engineer,  
SLDC,  
GETCO, Vadodara

Subject: Request for permission for an industrial visit to SLDC Vadodara.

Dear Sir,

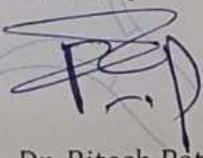

We are pleased to introduce our institute G H Patel College of Engineering & Technology, Vallabh Vidyanagar as one of the reputed Institutes of The CVM University and approved by AICTE, New Delhi. The institute offers various Engineering Courses at Graduate and Post Graduate levels in Electrical, Mechanical, Computer, Information Technology, Information and Communication Technology, Mechatronics, Civil, Electronics & Communications, Chemical, Computer Science and Design, and Computer Science and Engineering (IoT).

We believe that students coming out from this institute should be thorough in theoretical aspects as well as having practical knowledge. We want to make them aware of the industrial working environment at an early stage.

In this regard, we seek your help and cooperation in permitting our third and final year B.Tech. Electrical Engineering students to your esteemed organization for a one-day industrial visit. I request you grant permission for the visit so that our students can get practical knowledge about power operation and control. The total number of students visiting is **40** and **2 faculty** members will join them. Your kind co-operation will be helpful to the students at our institute.

Soliciting your favor for the noble cause.

Sincerely

Dr. Ritesh Patel  
Head,  
Electrical Engineering Dept.

Dr. Chintan Patel &lt;chintanpatel@gcet.ac.in&gt;

**Subject:** RE: Request for visit to SLDC

Madam,

Discussed with Mistry Sir as well as Dr. Chintan Patel (GECT Professor).

2<sup>nd</sup> half of 11/09/2025 is convenient for both.

We may confirm accordingly.

Regards
